

Bike Path/Trail:

On Map:

Separate right-of-way from motor vehicles. Connects open areas and parks.

Used by/for: Kids, family recreation, adult exercise, skaters, joggers, walkers, and exercise walkers

Bike Lane or Bikeway

On Map:

Within vehicle right-of-way, but separated by signage and roadway striping. Vehicle speeds may be fairly high, but road width is adequate for vehicles and cyclists.

Used by/for: Adult recreation, commuters and serious cyclists

Bike Route

On Map:

Within vehicle right-of-way, but is typically identified by signage. Vehicle speeds are usually fairly low and the number of users is not likely to be significant.

Used by/for: Commuters and serious cyclists

Undesignated

On Map:

Within vehicle right-of-way with no identifying signage. Vehicle speeds are quite low and the number of users is not likely to be significant.

Used by/for: Kids, family recreation, commuters and serious cyclists
